CHIEF EXECUTIVE'S MESSAGE

DR. IMRAN IDRIS BUTT
MBBS (KEMU), FRCS (RCSI)

In the name of Allah, the most Beneficent, the most Merciful

Asalam O Alaikum

As the Chief Executive of Sialkot Medical College, I want to welcome each of you to the campus and express my great excitement for our new year ahead.

I being born and brought up in Sialkot, the city has given me so much success and respect that earned from every segment of the society. To me, success is not just a reward; it is a responsibility, responsibility to contribute back to the society.

Today, I feel really accomplished to see my dream of giving back to the city by establishing a Medical College truly reminiscent from the name "Sialkot Medical College" and state of the art tertiary care hospital which will help in improving the health of the community we serve.

It would be a great deceit not to mention here the kind of affection and support I have relished from my professional colleagues. As a token of gratitude, this college has destined to be owned

by doctors' community of the city where they will be actively involved in every domain of the institution.

Our vision is to attract professionals of high distinction and to set standards of highest quality of education and health care. Support and capacitate our students and faculty to realize their dreams of research, healing and life. We will bring best out of our graduate students so that they become professionally sound and morally upright. Set the standards of post graduate studies; we will strive for excellence.

I wish you a rewarding time at Sialkot Medical College, so that when you look back you can say this is where you got your start – and it was a great one!

Thank you so much for joining our community.

DIRECTOR ACADEMIC'S MESSAGE

Dr. Salman Imran Butt
MBBS (KEMU)

It is my pleasure to welcome you all to Sialkot Medical College, One of the most renowned medical institutions in Pakistan, established in, and now reaching new heights of glory by bringing out the best batch of medical students each year.

Having a state-of-the-art medical institution in our city of Sialkot had been my vision ever since i pursued my career in medicine, and watching my vision turning into a reality, brings me nothing but pure bliss and gratitude. This is all due to the blessings of ALLAH Almighty.

In my opinion for an institute to be prime and leading, there are three basic necessities, one ambitious students, second qualified and hardworking faculty and human resource and third

a well-equipped and state-of-the-art hospital. It is our primary focus to have a hospital with the best clinical facilities so that our students can have hands on training which not only is necessary for their professional training but also to ensure that once they graduate and interact with patients, they have the best skills to treat and manage their patients.

Medical profession is no doubt of the most noble profession in the worlds since time and i wish the best for my students to have a lifetime experience at Sialkot Medical College, So that they can be the best in their fields and serve the humanity throughout their lives.

CHAIRMAN'S MESSAGE

MALIK ARIF ALI AWAN
Chairman

I feel immense pleasure that dream of establishing a private medical college has become reality. My vision is to make Sialkot Medical College a center of excellence for medical education and research where students from any country can study and become highly qualified doctors with MBBS degree to fulfill their country needs.

The doctor-patient ratio is still inadequate in our country of 200 million people and a lot of highly qualified doctors are needed.

I would like to express my gratitude to all the members of the college governing body, the principal, all the teachers and general staff of the college for their moral, intellectual, continuous support and suggestion. It is our pride and good

news for students who will come to study at Sialkot Medical College that we will have a Hospital of over 700 beds with interdisciplinary clinical care, which will help students as well as doctors to enrich themselves with knowledge as we have high quality faculty members.

I would like to welcome the upcoming batch of MBBS students to Sialkot Medical College and wish them success for their study leading to MBBS degree.

We are committed for the betterment of the people and to produce quality doctors for our country and the world.

May Allah Almighty bless all of us

PRINCIPAL'S MESSAGE

PROF. DR. MUHAMMAD SABIR
MBBS, M.Phil, MHPE

It gives me great pleasure to welcome the second batch of MBBS at Sialkot Medical College. I congratulate you on choosing the noble profession. Doctors are termed as Allah's friends as they deal with real human lives. This institution has been established with a vision of quality medical education.

We believe in student centered, integrated and interactive teaching. This college provides conducive teaching atmosphere for the medical students striving for excellence in the medical

profession. We have an experienced faculty to motivate the students to become "Maseeha" for the ailing humanity.

I want my students to be efficient, professional, disciplined, dedicated, ethical and punctual. I am sure that the students getting admission in this medical college would feel proud in future to have graduated from an institution having a mark of excellence.

I wish you best of luck in your profession and life.

AN INSIGHT IN SIALKOT

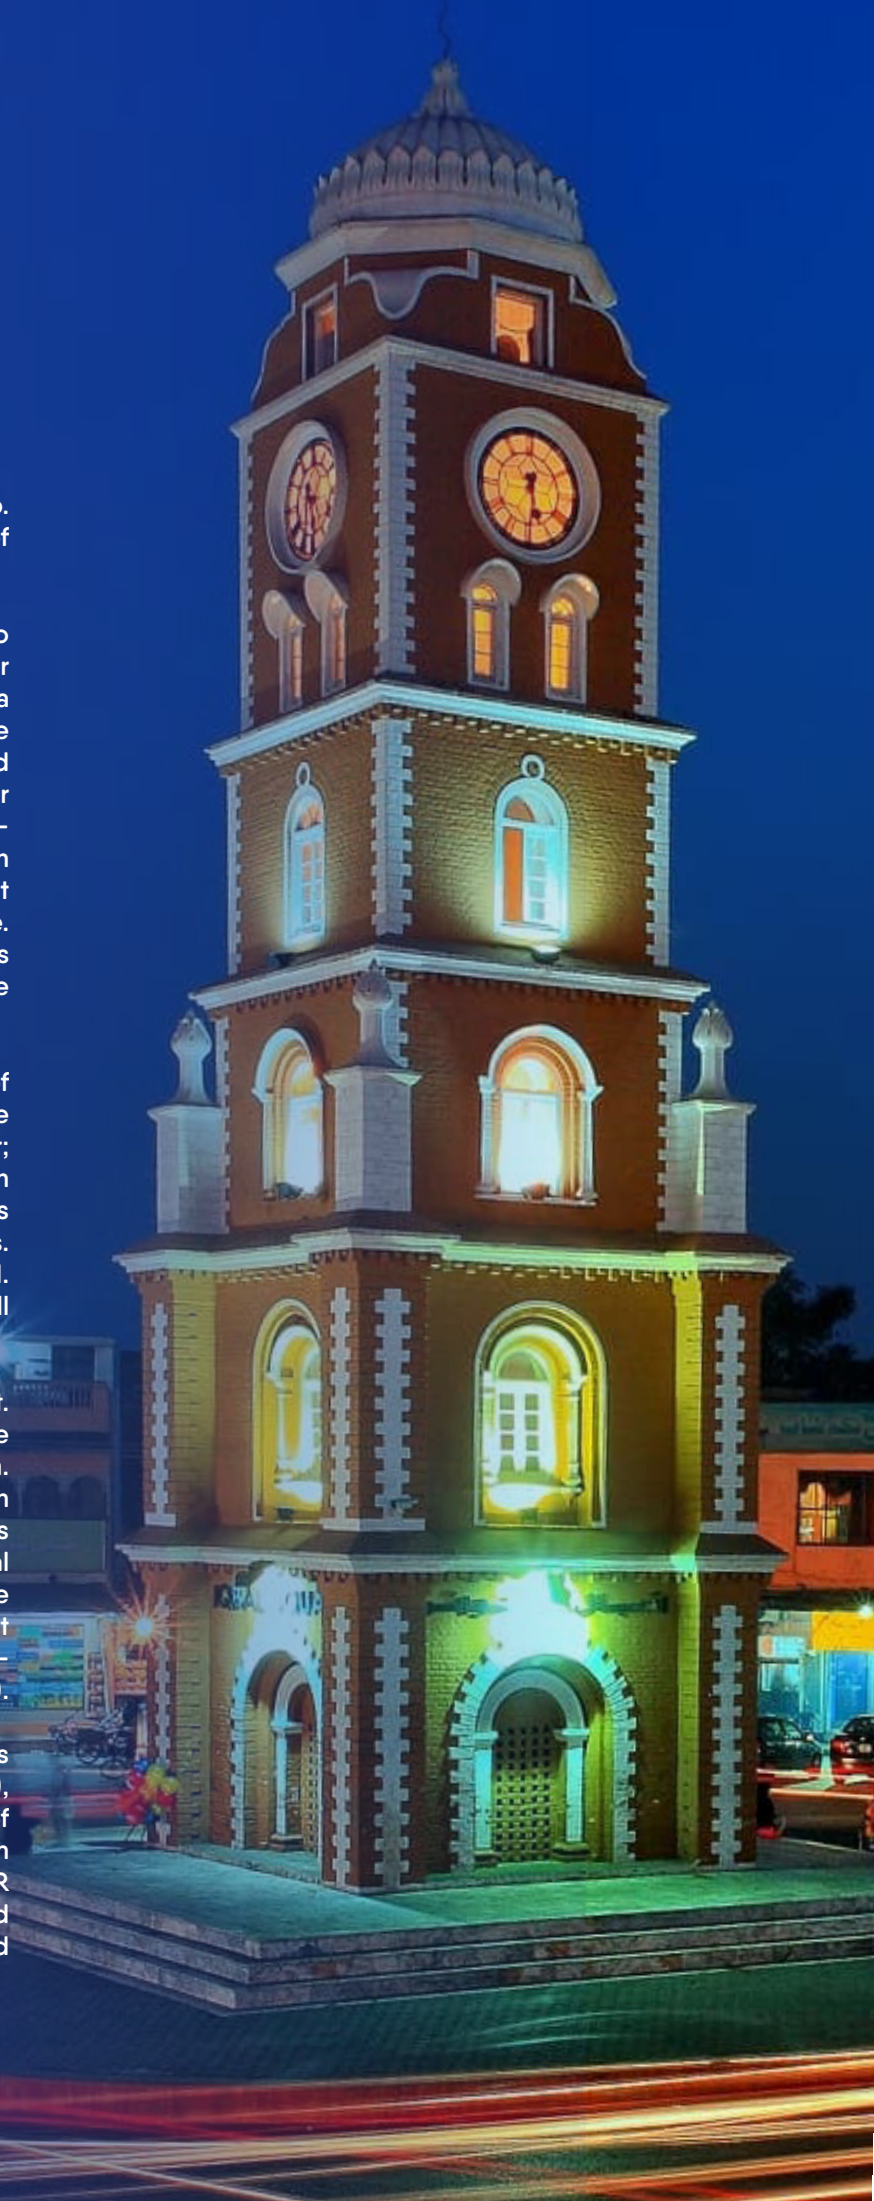

Sialkot is a city situated in Punjab province of Pakistan. It is located near Indo-Pak border, about 125km from Lahore, the capital of Punjab. The city is famous for being the birthplace of Dr. Allama Muhammad Iqbal.

This city is centuries old. According to tradition, it was constructed by Raja Sul. After his death some 5000 years ago, there is a tradition that the dynasty continued for some 1500 years and then the country was flooded and remained one vast uninhabited region for about 1000 years. The popular belief is that re-founded in the reign of Vikramaditya of Ujjain by Raja Salivahan or Salban, who built the fort and city and gave the place its present name. It is believed that the name of the city means "Fort of the Sia" the Sia being a particular caste which founded the city in ancient times.

Sialkot is an important industrial city of Pakistan. It was once famous as a centre for the manufacture of damascened ware and paper; its modern industries include flour and cotton mills and the production of Surgical Instruments and sports goods of international standards. Almost every product is exported to the world. Most of the things produced are exported all over the world.

There is a dry port that is run under a trust. This dry port was made by industrialists of the city and Punjab Government helped them. An international airport is also operational in the city which is again funded by business community of the city. Several offices deal with business matters. Most important is the Sialkot Chamber of Commerce and Industry. It is located at Paris Road, now called Shara-E-Aiwan-E-Tijarat (Chamber of Commerce Road).

Taking the lead from the exceptional success of the Sialkot International Airport Ltd. (SIAL), the members of the Sialkot Chamber of Commerce and Industry launched AIR SIAL with the motto 'Let's touch the SKY together'. AIR SIAL is a licensed airline to provide scheduled passenger & cargo services in domestic and international markets.

SIALKOT MEDICAL COLLEGE

INTRODUCTION

Sialkot Medical College is a private institute, established on 5th August 2014 and registered as a corporate body under relevant laws of companies.

It is located at main Daska Road, 6km from Sialkot. It is easily approachable and accessible. Total area of the college is 13 acres and covered area is 150000 sq. ft. In addition 27 acres more land has been acquired.

It is recognized by Pakistan Medical Commission (PMC), affiliated with University of Health Sciences (UHS) Lahore and notified by Federal Ministry.

The institute is also accredited with Educational Commission for Foreign Medical Graduates (ECFMG) that enable our students to pursue their higher studies abroad. The attached hospitals provide opportunity to our students to do their internship / house job and being recognized by the College of Physicians & Surgeons Pakistan (CPSP) in various disciplines, preference will be given to our own graduates for their postgraduate training programs.

I. VISION STATEMENT

To strive endlessly to be personified amongst the top ranking medical institutions nationally as well as globally, setting forth highest standards of medical education and health care services.

II. MISSION STATEMENT

To serve the healthcare needs of the community in general and of the region in particular by producing healthcare practitioners of the highest international standards giving due consideration to our cultural and ethical norms with a penchant for research, skillful learning & character building.

Provide innovative interdisciplinary and compassionate clinical care of the highest quality. Treat all patients with brilliance, dignity, highest skills, medical acumen and respect to improve the health of the communities we serve and will serve.

III. OUTCOMES

By the end of our educational program our graduates will be able to:

- Exhibit qualities of a better human being by reflecting a professional and ethically appropriate behavior towards patients and community they will serve.
- Apply their basic and clinical knowledge in their house job and have a better understanding of the disease.
- Manage obvious noncritical medical and surgical conditions independently.
- Engage other medical doctors in learning environments through effective communication and be loyal towards their profession.
- Promote the trend of research and be a critical thinker as well.
- Be involved in a professional team of disease prevention.
- Make the resulting benefits available to society in particular & contribute globally as well.

BASIC MEDICAL SCIENCES' DEPARTMENTS

The Basic Medical Sciences at Sialkot Medical College focus on all aspects of biology that define and influence the human condition. Emphasis is placed on understanding the normal human health condition, mechanisms of current treatment and the search for cures. The scientific principles presented are fundamental to all aspects of modern research and technology and thus impact diverse areas of our society.

ANATOMY

The department of Anatomy is the backbone of medical profession. It has following sections;

Dissection Hall: Spacious and air-conditioned along with mortuary to store cadavers.

Histology Laboratory: Equipped with binocular microscopes, digital and projection-microscopes with attached projection camera for teaching purpose.

Museum: Having plastic models of embryology, histology, neuro-anatomy and gross anatomy specially cross-sections of complete human body.

Bone Bank: Having collection of bones of human body to assist students in better learning.

FACULTY

Prof. Dr. Muhammad Sabir with teaching experience of more than 25 years is the head of department who is providing his expertise with his team of Associate Professor, Assistant Professor & Lecturers.

Prof. Dr. Muhammad Sabir
Head of Department

PHYSIOLOGY

Physiology is the study of how the body works, from molecular and cellular to whole-organism levels.

The Department of Physiology is committed to delivering high quality academic experiences that prepare students for careers and advanced study in medicine and a variety of health-related fields.

The air-conditioned departmental laboratory is very well equipped with power-labs, microscopes, treadmills, spirometers, perimeters and all other necessary equipments. The department also has its own digitally equipped air-conditioned tutorial room for conduction of small group sessions.

FACULTY

It is chaired by Prof. Dr. Muhammad Shamaun Razi, who has a professional experience of more than 20 years at national & international level. He is a graduate of Dow Medical College, Karachi & FCPS – Physiology from College of Physicians & Surgeons Pakistan. His dedicated team comprises of Associate Professor, Assistant Professors and Lecturers to deliver the academic & co-academic activities.

Prof. Dr. Muhammad Shamaun Razi
Head of Department

BIOCHEMISTRY DEPARTMENT

Biochemistry Department is concerned with Biomedical and Human Genetics research at the cellular level. It has a well-equipped laboratory, in which modern facilities of PCR, Centrifuge Machines Controlled Temperature Water Bath, Hot Air Oven, Digital Balance and Electric Water Distillation Apparatus and Microscopes are available.

FACULTY

Prof. Dr. Muhammad Nasrullah Khan is HOD of the department. He has more than 32 years of teaching experience both at King Edward Medical University & Allama Iqbal Medical College/ Jinnah Hospital Lahore. He has more than 11 original research articles to his credit. The department comprises, one Professor, one Assistant Professor and two Lecturers.

Prof. Dr. Muhammad Nasrullah Khan
Head of Department

PATHOLOGY

This subject is taught in 3rd and 4th year's MBBS. Pathology means "study of disease". At one hand this subject makes a bridge between the basic medical and clinical sciences and on the other hand it behaves like a backbone of medical and surgical allied. This specialty is divided into 4 sections: Microbiology, Haematology, Chemical and Histopathology.

There is an air-conditioned laboratory fully equipped with modern facilities. Pathology museum in which real human specimens are preserved which elaborate different pathological conditions, necessary for proper training of undergraduate medical students.

FACULTY

Prof. Dr. Inaam Qadir Javed Hashmi is the Head of Department. He is consultant microbiologist, having experience of 36 years and more than 20 original research articles on his credit. Prof. Dr. Riaz Ul Haq Subhani is consultant Haemato-pathologist with experience of more than 20 years and more than 10 original research articles on his credit. Dr. Fatima Rashid is Associate Professor and Consultant Histopathologist. Dr. Mukhtar Ahmed is Assistant Professor of Chemical Pathology and Dr. Madiha Mumtaz is Assistant Professor of Microbiology. In addition there is a team of demonstrators to assist the senior faculty in teaching

**Prof. Dr. Inaam Qadir

Haemato-Pathologist

PHARMACOLOGY & THERAPEUTICS

The Knowledge of drugs and their interaction with the body is a key to become a successful health care professional. No matter which specialty one chooses, as a doctor you have to prescribe medicines, and prescribe them with confidence and rationality.

The Department of Pharmacology & Therapeutics at Sialkot medical College is fully equipped with our modern laboratory facilities and up-to-the-minute theaters to infuse the valuable knowledge of Pharmacology with an emphasis on its application to the practice of medicine.

FACULTY

It is headed by **Professor Dr. Salman Iftikhar** who is a medical doctor with MBBS and MPhil degree in the subject of Pharmacology and an 18-year experience of teaching both undergraduate and post-graduate teaching programs in various leading medical institution of the country. He has 23 publications in reputed local and international journals and counting...

The dedicated staff of our department is always there to assist our dear students with their curricular and co-curricular activities and provide academic excellence.

Pharmacology is benefited by the prepared mind. You need to know what you are looking for.

WELCOME ON BOARD!

Professor Dr. Salman Iftikhar
Head of Department

FORENSIC MEDICINE

This department trains the students about the medicolegal and law aspects of medicine. It is divided into Jurisprudence and toxicology. Post-mortem is also its important domain. We have Forensic laboratory fully equipped with modern facilities; state of art museum which has models of different medicolegal conditions, poisons, bones and weapons.

FACULTY

Prof. Dr. Abdul Hamid has special interest in research and publications. More than 45 original research articles are to his credit. He is also one of the member of the editorial board of Medical Forum Lahore.

Prof. Dr. Abdul Hamid
Head of Department

COMMUNITY MEDICINE

The department of Community Medicine, SMC, Sialkot is involved in teaching and training of 4th year MBBS students through lectures, tutorials and presentations in the subject which emphasizes on the prevention of disease in the community. It is concerned with the study of health and disease in the defined community. Its goal is to identify the health problems and needs of the people (Community diagnosis) and to plan, implement and evaluate the effectiveness of health care system. Field visits of places of public health importance, household survey and research work is also arranged for the students. The department has a museum, well equipped with required models, specimens and equipment for practical demonstrations and tutorials.

FACULTY

The department is led by a senior & experienced Prof. Dr. Muhammad Akram Saeed. Associate Professor, Assistant Professor & lecturers are available for his assistance.

Prof. Dr. Muhammad Akram Saeed
Head of Department

CLINICAL HEALTH SCIENCES' DEPARTMENTS

In the Imran Idris Teaching Hospital and other attached and affiliated hospitals of Sialkot Medical College, we endeavor to impart state of the art patient care services in all disciplines of clinical sciences.

We train and monitor our staff from top to bottom to provide quality patient care from attitude and reception to the highest levels of cognition.

Our aim is to approach the disease process the deepest analytical levels for research on the basis of disease in addition to treating the ailments to the almost levels of care and cure.

MEDICINE AND ALLIED DISCIPLINES

The Department of Medicine comprises of Medicine & allied which includes Gastroenterology, Pulmonology, Nephrology & Cardiology units.

The department is ready to train the students by providing following facilities;

- Indoor Wards, OPD's
- All Medical Procedure for diagnosis
- State of the art Medical ICU equipped with Ventilators
- Upper & lower GI Endoscopy
- ERCP & other Endoscopic procedures
- Bronchoscopy & other procedures related to chest diseases
- Dialysis Center
- State of the art CCU
- State of the art Angiography machine with 24/7 facility to do both primary PCI and elective angiography, Echocardiography & ECG

The department of Medicine has;

- Indoor Ward for Bed Side Teaching
- Class Rooms, Auditorium, Conference Room
- Lecture Hall, equipped with Audio & Video System

Prof. Dr. Muhammad Akram Saeed
Head of Department

FACULTY

This department is headed by Prof. Dr Saleh Muhammad, Professor of Medicine, & his team comprises of Professor. Dr Mian Mansoor (Medicine), Prof. Brig. Dr. Shahid Raza Khalid (Gastroenterology), Associate Professor Dr. Amir Waheed (Pulmonology), Assistant Professor Dr. Ahmed Ammar (Nephrology), & Assistant Professor Dr. Iftikhar Anwar (Cardiology).

SURGERY AND ALLIED DISCIPLINES

Sialkot Medical College has an elaborate surgical setup with a blend of diversified super & sub-specialties including General Surgery, Traumatology, Urology, Orthopedic Surgery, Plastic Surgery, Neuro Surgery and Pediatric Surgery. We are now heading towards Cardio-Thoracic Surgery developments.

FACULTY

The department is chaired by Prof. Dr. Imran Idris Butt, and along with his dedicated team of Prof. M. Nadeem Bhatti, Prof. Brig. (R) Irfan Zafar Haider, Prof. Dr. Asif Saeed (Orthopedic), Associate Prof. Dr. Muhammad Nadeem Shafiq (Urology), Assistant Professors, and Registrars, he is giving exposure to our students in classrooms as well as operation theatres.

Prof. Dr. Imran Idris Butt
Head of Department

OPHTHALMOLOGY

The department is established in Sheikh Hospital Sialkot and on an average 50-70 patients are being seen in OPD per day. The Operation list is done on twice a week basis with 10-15 cases per list. Students of Sialkot Medical College are trained in Eye OPD and Surgical Cases are shown in Operation Theater. The department is fully equipped to start House Job and Post Graduate training like FCPS. The hospital Operation Theater is fully equipped with two Microscopes and two Phaeo Emulsification machines i.e. U-II and Alcon Infinity.

FACULTY

The department of Ophthalmology is headed by Prof. Dr. Imran Akram Sahaf MCPS, FCPS, Associate Professor Dr. Tariq Mehmood MCPS, FCPS and Assistant Professor Dr. Tanveer FCPS.

Prof. Dr. Imran Akram Sahaf
Head of Department

OTORHINOLARYNGOLOGY

The Department of Otorhinolaryngology (ENT) at Sialkot Medical College & Imran Idrees Teaching Hospital is catering all needs of medical students including lectures and clinical rounds in the department.

FACULTY

This department' head Dr. Javaid Riaz Qureshi with his team is also giving valuable exposure to the students by conducting all types of surgeries related to ENT.

Dr. Javaid Riaz Qureshi
Head of Department

OBSTETRICS & GYNECOLOGY

The department of Obstetrics and Gynaecology caters to women of all age groups. It deals with diseases of female reproductive organs, Family Planning and Care of Women during Pregnancy, Child Birth and Postpartum. The Department offers OPD, Consultation services, Provide facilities of labor room, Indoor admissions and minor and major surgical procedures, provision of family planning services, which are giving the students an opportunity to learn & train themselves for curricular & co-curricular activities.

FACULTY

Prof. Dr. Riaz Ahmad Khan, is the head of department and his team comprises of Dr. Huma Afridi (Asst. Professor) & Dr. Hafsa Mubassir (Asst. Professor).

PEDIATRICS

The department is fully equipped with Neonatal ICU & Ventilator facilities, providing 24 hour Emergency, 24 hour Peads ICU facility, General ward, & 24 hour trained pediatrics doctors & nursing support.

FACULTY

Dr. Muhammad Uzair, MBBS, FCPS (Peads) (Fellowship in Pediatrics Neurology), Associate Professor of Pediatrics & his faculty of Assistant Professors are there to teach & train medical students.

PSYCHIATRY AND BEHAVIORAL SCIENCES

This department trains students in better understanding of human behavior and improving quality of life. In addition to this, We counsel and coach our students in achieving impressive academic performance.

FACULTY

Dr. M. Shoaib Irfan is head of the Department who is well experienced in teaching and guiding students. Miss Kanwal Amjad, Clinical Psychologist, is accompanying as Senior Lecturer.

Dr. M. Shoaib Irfan
Head of Department

MEDICAL EDUCATION

Department of Medical Education (DME) is established in Sialkot Medical College since its inception. Main aim of the department is to foster integrated learning skills among the students to teach them on adult learning principles, problem base learning, all the ways paving towards self directed and long life learning abilities. Faculty development on modern principles of medical education is another objective so that they can facilitate the learners in efficient and effective way. Department is also responsible for the development and implementation of curriculum along with assessment in methodical ways. Proper arrangements and monitoring of CME and research activities are the hallmark of the department.

TEACHING HOSPITALS

IMRAN IDREES TEACHING HOSPITAL

Imran Idrees Teaching Hospital is 300 bedded hospital owned by Dr. Imran Idrees Butt, MBBS, FRCS, who is the Chief Executive. The hospital is fully registered with Punjab Health Care Commission and located at Sialkot-Daska Road, 04 km from the medical college.

Departments

Medicine & Allied, (Gastroenterology, Cardiology, Physiotherapy Nephrology, Pulmonology, Pediatrics, Psychiatry), Surgery & Allied (Obstetrics & Gynecology, ENT, EYE, Urology & Orthopedics, Plastic surgery)
Pediatrics & Neonatology

Facilities

24/7 Emergency
OPD (Morning & Evening)
Operation Theatre: Advance surgeries like laparoscopic surgery, Knee Transplant, Arthroscopy, Endoscopic urological surgery.

Procedures

It possesses;

- An advanced Intensive Care Unit with Monitors, Defibrillator, Ventilators
- All kind of Laparoscopic Surgeries
- Gastroenterology unit, with facilities of Endoscopy, ERCP, Colonoscopy
- CCU with Angiography setup
- Hemodialysis unit

Radiology Service

Digital X-Ray, ultrasound, CT-Scan, Doppler Studies Echo-Cardiography & Treadmills are functional.

Laboratory Services

Advance tests in Hematology, Chemical Pathology, Microbiology & Histopathology - frozen section and blood bank are available 24/7

Hospital Pharmacy & Cafeteria for patients and workers.

IDREES TEACHING HOSPITAL

150 bedded Idrees Teaching Hospital is owned by Dr. Imran Idrees Butt (The Chief Executive). It is ISO 9001:2008 certified (Reg. No. QAIC/PK/3477-A) and registered with Punjab Health Care Commission.

Located in the center of Sialkot City, 10 km from the medical college

Departments

Medicine & Allied, Surgery & Allied, Obstetrics & Gynecology, pediatrics, ENT, Nephrology, Urology & Orthopedics.

Facilities

24/7 Emergency, OPD (Morning & Evening) Operation Theatre: Advance surgeries like laparoscopic, endoscopic urological procedures.

It is one of the pioneer hospitals in Pakistan for Laparoscopic Surgeries. It possess an and advanced Intensive Care Unit with Monitors, Coronary care unit, Hemodialysis defibrillators & Ventilators.

Radiology Services

Digital X Ray, ultra Sound, CT Scan & MRI, Doppler Studies Echo Cardiography & Treadmills are functional.

Laboratory Services

Advance tests in Hematology, Chemical Pathology, Microbiology & Histopathology and frozen section and blood bank are available. 24/7 Hospital Pharmacy & Cafeteria for patients' facility

AL-SHEIKH JINNAH MEMORIAL WELFARE HOSPITAL

Poster/Model competition

Miss Ayesha Imtiaz won Bronze medal in all Punjab Poster/Model competition on 'Global Warming' held under umbrella of Iqbalian's Fine Arts Society at Allama Iqbal Medical College, Lahore.

UHS debate

The debating competition named "UHS first Debating Contest for Medical Students", consisted of 3 rounds, in which big number of medical students from different medical colleges across punjab did participate.

The first Round - Zonal level,

Was held at Islam medical College Sialkot in which there were more than 15 participants for english and urdu debates each.

SMC had great fruit of efforts in the competition and three of our participants secured positions and qualified for the next round.

Mr. Umer faraz - 1st position in Urdu debates.
Mr. Arslan Naveed - 1st position in Urdu debates.
Ms. Anaba Khan - 2nd position in English debates.

All three of them qualified for the 2nd round at Divisional level, held at deMontmorency dental college Lahore. Where Arslan naveed qualified qualified for the Final provincial level round, in which he contested well at University of Health Sciences, Lahore.

Arslan Naveed
Winner of 2 rounds

LIFE AT CAMPUS

“THERE IS THE NEED OF TALENT, AMBITION, INITIATIVE, AND APPRECIATION TO PROSPER AND CONSOLIDATE AIMS IN THE FORM OF A BIG ACHIEVEMENT”.

Family of Sialkot Medical College including teachers and management is committed to polish the talent of students, brighten their ambitions, stimulate and appreciate them frequently in both aspects of student life: curricular and extra-curricular activities. Most of our students are not just the book worms, rather they proved themselves multitalented. Their talent and brilliance are increasing day by day. SMC is blessed with a team of supportive teachers with pragmatic approach and a very cooperative and enthusiastic management. Life of SMC family is a bed of roses due to respect of teachers by the students and administration and in return unended affection and caring attitude of teachers for the dear students.

One of our multi-talented, all round student of 3rd year MBBS (Class of 2022), expresses her views about life at campus. According to her:

“I can proudly say that I have actually “Lived” every day of my life at SMC. From sitting at the library, spending hours reading, to roaming about in the corridors and decorating the campus during Sports Weeks every year, I’ve found home in every wall of this campus!

From every teacher of the faculty, to all the domestic helpers around the corner, I’ve found all of them affectionate and welcoming!”

ELIGIBILITY CRITERIA

In exercise of the powers conferred by sub-section (3) of section-18 and sub-section (7) of section-19 of the Pakistan Medical Commission Act, 2020; The Sialkot Medical College is pleased to make the following regulations called as: MBBS (Admissions Regulation 2020) of Sialkot Medical College. These regulations shall apply on all the students seeking admission in MBBS course in Sialkot Medical College in session 2021-2022.

- Single admission test (MDCAT) shall be conducted annually by the National Medical Authority on a date approved by the council and as per standards approved by the National Medical & Dental Admission Board.
- This test is mandatory for all students seeking admission in MBBS course of this college.
- No student shall be awarded MBBS degree who has not passed MDCAT prior to obtaining admission in the MBBS course of this college except foreign students.
- Admission in this college will be regulated by SMC Admission Board comprising of the followings.
 - 1- Prof. Dr Imran Idris Butt
 - 2- Dr. Syed Zafar Tanveer
 - 3- Dr. Salman Imran Butt
 - 4- Prof. Dr. Muhammad Sabir
 - 5- Prof. Dr. Abdul Hamid
 - 6- Prof. Dr. Muhammad Shamoun Razi
 - 7- Dr. Shoaib Irfan
 - 8- Mr. Zeeshan Butt
- Application for admission will be invited by Pakistan Medical Commission (PMC) from the interested students through advertisement in newspapers or through its website.
- After result of MDCAT 2020, candidates shall apply to PMC for admission in the college of their choice. On 15th January PMC will send a list of students willing to join this college.
- Students will be called for Interview.
- Merit list will be formed by adding interview marks out of 20.

Seat Allocation

- 1- No Fixed Quota
- 2- Pakistani & Foreign Seats = 100
